

Overbrook City News and Events August 2024

News for City Hall - Overbrook PRIDE and Overbrook Parks and Recreation recently applied for a grant through the Overbrook Community Foundation. This would be the same grant from the Patterson Foundation that we received last year to pave the path to the pickleball court!

The grant application is for these four items: Install Heating and Air Conditioning in the Old Gym Building, New sidewalks on the west side of Maple Street from City Hall north to Highway 56, Replace the scoreboards at Jones Park, Install Sunshades at both ballfield backstops at Jones Park.

During the month of August, we will be sharing the details of the progress on our website and social media.

In September, PRIDE and OPR will be conducting a fundraising campaign for the matching funds for the grant. The stipulations of the grant application are that the fundraising occurs during a 30-day window. To best accomplish this, the two groups will collaborate in their fundraising activities. The goal will be to raise \$70,000.00.

Overbrook Police Department- The Overbrook Police Department will host Snow Cone with a Cop on Thursday, August 1st from 4:00 PM-6:00 PM next to the post office. Maintenance Report – Please remember to be cautious around your water meter lid. The silver disk on the top is the radio signal antenna. It is necessary to read your water meter. The replacement cost to the disk could be applied to your bill.

Feeding Wildlife – The city would like to remind citizens do not feed the wildlife that is in our area. Feeding wild animals can be dangerous to both humans and animals. Here are some reasons why you should avoid feeding wild animals: Feeding habituates animals to certain areas, making them lose their fear of humans. Wild animals fed by humans can easily become malnourished. Feeding wild animals can interrupt their normal migration patterns. Feeding attracts large groups of animals from all different areas, which can spread diseases that are transmitted between the animals. Feeding increases the chance of vehicular accidents. <https://www.fws.gov/>

Minimize watering outdoors. Water when the sun is down (to avoid evaporation) and when it's not windy. Water slowly, deeply and as little as possible. Let grass grow taller in hot weather.
